**MATERIAL CHANGES TO THE GROUP STRUCTURE, INCLUDING AS A RESULT OF A MERGER, ACQUISITION OR SALE OF THE COMPANIES OPERATING WITHIN THE CAPITAL GROUP, LONG-TERM INVESTMENTS, DEMERGER, RESTRUCTURING OR DISCONTINUATION OF ACTIVITIES.**

- Acquisition of shares in Sento S.A.

On 1 July 2021 the Company acquired 77% of the shares in Sento S.A., a company with its registered office in Kraków, from Reno Sp. z o.o., another company with its registered office in Kraków (the "Transaction"). As a result of the Transaction, Dom Development S.A. controls Sento Group which operates in the residential real estate development market in Kraków.

Through this acquisition, Dom Development S.A. Capital Group initiated its real estate development operations in the Kraków market, where Sento Group operates, with a desire to ensure the long-term growth of the consolidated income and profits of the Company.

**GROUP'S INTEREST IN THE SHARE CAPITAL OF SENTO S.A.**

Group's interest in the share capital of Sento S.A. before the Transaction	-
Group's interest in the share capital of Sento S.A. after the Transaction	77%

The Company paid the initial sale price of PLN 35 379 thousand for the said shares, as calculated according to the formula defined in the share sale agreement. In the agreement, the parties also agreed the manner of calculating the adjusted sale price to account for the revaluation of its net assets at the time of the Transaction. The procedure of setting the adjusted sale price has not yet been completed until the date of the preparation of these condensed consolidated financial statements. The company preliminarily identified assets and liabilities of the acquired company and recognised them as at the date of acquisition in these condensed consolidated financial statements in the predetermined amounts.

Details of the roughly estimated fair value of the acquired net assets, the value of the non-controlling interests and the initial purchase price as at the date of taking over control have been presented below, however that these figures were estimated prior to the completion of sale price adjustment procedure and therefore that are still subject to change.

### Impact of the Transaction on the Group's revenue

Between 1 July and 30 September 2021, the Sento Group's sales revenue disclosed in the Group's consolidated income statement was PLN 19 350 thousand (see note 7.15).

The Sento Group's sales revenue for the six-month period ended 30 June 2021 was PLN 39 395 thousand.

Save for the aforementioned transaction, within the three-month period ended 30 September 2021, the Group did not make any other material changes in the structure of investing in subsidiaries, associates and joint ventures.

## 7.2 BASIS FOR THE PREPARATION OF THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

These interim condensed consolidated financial statements have been prepared on a historical cost basis.

Certain information and disclosures, which in accordance with the International Financial Reporting Standards ("IFRS") adopted by the European Union (EU) are normally included in annual consolidated financial statements, have been condensed or omitted in these interim condensed consolidated financial statements pursuant to International Accounting Standard No. 34, "Interim Financial Reporting" (IAS 34).

The interim condensed consolidated financial statements have been prepared on the assumption that the companies operating within the Group will continue as a going concern in the foreseeable future. In the opinion of the Management Board of the Company, as at the date of approval of these interim condensed consolidated financial statements all the prerequisites have been fulfilled for the going concern assumption in the foreseeable future.

The functional currency of the parent company and other companies incorporated in these interim condensed consolidated financial statements is Polish zloty (PLN). The interim condensed consolidated financial statements are stated in Polish zloty. Financial data included in the interim condensed consolidated financial statements are expressed in thousands of PLN unless stated otherwise.

The presented interim condensed consolidated balance sheet, interim condensed consolidated income statement, interim condensed consolidated statement of comprehensive income, interim condensed consolidated cash flow statement and interim condensed statement of changes in consolidated shareholders' equity are unaudited and they have not been the subject of review by an independent certified auditor. These unaudited interim condensed consolidated financial statements do not include all the information and disclosures that are required from annual consolidated financial statements and therefore should be read in conjunction with the audited consolidated financial statements of the Group and the notes thereto for the year ended 31 December 2020.

The Company also prepares interim condensed financial statements for Dom Development S.A. for the three-month period ended 30 September 2021. These statements were approved by the Management Board of the Company on 9 November 2021.

## 7.3 ACCOUNTING POLICIES

Polish law requires the Group to prepare its interim condensed consolidated financial statements in accordance with IFRS, applicable to interim financial reporting as adopted by the European Union (EU) (IAS 34). At this particular time, due to the endorsement of IFRS by the EU and the activities of the Group, there are no differences in the IFRS policies applied by the Group and IFRS that have been endorsed by the EU.

The interim condensed consolidated financial statements have been prepared in accordance with IFRS applicable in the interim financial reporting (IAS 34) and all applicable IFRS that have been adopted by the EU.

These interim condensed consolidated financial statements are prepared based on the same accounting policies as for the consolidated financial statements of the Group for the year ended 31 December 2020, except for the following amendments to existing standards and new interpretations that are effective for annual periods beginning on 1 January 2021:

- Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 related to the IBOR reform. In response to the expected reference rate reform (the IBOR reform), the International Accounting Standards Board published the second part of the amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16. The amendments relate to accounting issues that will arise when financial instruments based on the IBOR will move to new interest rates. The amendments introduce a number of guidelines and exemptions, in particular a practical simplification in the case of the modifications of agreements required by the reform, which will be accounted for by updating the effective interest rate, exemption from the obligation to terminate the hedge accounting, a temporary exemption from the need to identify the risk component, and the obligation to include additional disclosures.

The introduced amendments were scrutinised by the Management Board of the Company and they do not materially affect the Group's financial position, operating results or the scope of information presented in these interim condensed consolidated financial statements.

The Group has not decided for earlier adoption of any standard, interpretation or improvement/amendment, which was published and has not yet come into force.

The following standards and interpretations issued by the International Accounting Standards Board or the International Financial Reporting Interpretation Committee that have not come into force or been endorsed by the EU:

- Amendments to IFRS 10 and IAS 28 concerning sale or contribution of assets between an investor and its associate or joint venture. They remove the existing inconsistency between IFRS 10 and IAS 28. The effective date for the amendments has not been defined by the International Accounting Standards Board. The approval of this amendment has been postponed by the European Union as at the date of these interim condensed consolidated financial statements,
- IAS 1 *Presentation of Financial Statements*, Amendments to IAS 1 *Presentation of Financial Statements*. The IASB published amendments to IAS 1 which clarify the presentation issue of long-term and short-term liabilities. The published amendments are effective for financial statements for the periods beginning on or after 1 January 2023. These amendments have not been endorsed by the EU as at the date of these interim condensed consolidated financial statements.
- Amendments to IAS 37 *Provisions, Contingent liabilities and Contingent assets*. The amendments to IAS 37 provide clarifications regarding the costs that an entity is to consider when assessing whether a contract is an onerous contract. The amendments are effective for financial statements for the periods beginning on or after 1 January 2022. These amendments have not been endorsed by the EU as at the date of these interim condensed consolidated financial statements.
- Annual improvements to IFRS 2018 - 2020 introduce improvements to the following standards: IFRS 1 *first-time Adoption of International Financial Reporting Standards*, IFRS 9 *Financial instruments*, IAS 41 *Agriculture*, and examples illustrating IFRS 16 *Leases*. The amendments include clarifications and fine tune guidelines for standards in respect of recognition and measurement. These improvements have not been endorsed by the EU as at the date of these interim condensed consolidated financial statements.
- Amendments to IAS 1 *Presentation of Financial Statements* and the IFRS Advisory Council's guidance on disclosure of accounting policies in practice. The amendment to IAS 1 requires disclosure of material information on accounting policies as defined in the standard. The amendment clarifies that information on accounting policies is material if, in the absence of such information, users of financial statements would not be able to understand other material information in the financial statements. Moreover, the Advisory Council's guidance on the application of the materiality concept have also been amended to provide guidance on the application of the concept of materiality to disclosures of accounting policies. These amendments have not been endorsed by the EU as at the date of these interim condensed consolidated financial statements.
- Amendments to IFRS 16 *Leases*. On 28 May 2020, the IASB published an amendment to IFRS 16 in response to changes in lease agreements related to the coronavirus pandemic (COVID-19). Lessees may enjoy rent concessions that may take different forms, such as rent deferrals or rent holidays. Accordingly, the IASB introduced a simplification of assessment whether such changes constitute lease modification. Lessees may simplify accounting by electing not to apply the IFRS 16 guidelines for lease modification. As a result, rent deferrals and rent holidays under the lease will be recognised as variable lease payments during the period in which the event or condition occurs which results in the reduced payment. These amendments have not been endorsed by the EU as at the date of these interim condensed consolidated financial statements.
- Amendments to IAS 8 *Accounting Policies, Changes in Accounting Estimates and Errors*. In February 2021, the Council published an amendment to IAS 8 *Accounting policies, Changes in Accounting Estimates and Errors in the Definition of Estimates*. This amendment to IAS 8 explains how entities should distinguish changes in accounting policies from changes in accounting estimates. These amendments have not been endorsed by the EU as at the date of these interim condensed consolidated financial statements.

The Management Board is verifying effect of the above standards on the Group's financial position, operating results or the scope of information presented in the Group's interim condensed consolidated financial statements. It is not expected by the Management Board of the Company that new standards and amendments to the existing standards could have a significant impact on the interim condensed consolidated financial statements of the Group for the period, when they are adopted for the first time.

## 7.4 KEY FIGURES BASED ON PROFESSIONAL JUDGEMENT AND BASIS FOR ESTIMATES

In addition to the accounting estimations, when applying the accounting policies in relation to the issues described below, the most significant was the professional judgement and the assumptions made by the management.

### BUDGETS OF THE DEVELOPEMNT PROJECTS

The decision to purchase real estate (land) is based upon analysis, where the so called “purchase budget” is the major component. This budget is prepared to assess the future profitability of projects. The budgets for these construction projects are updated based on management’s best knowledge and experience from when the real estate is purchased. The budgets for all construction projects are verified and updated when necessary, at least once every three months. Updated project budgets are the basis for:

- verification of their profitability and any potential inventory impairment write down,
- preparation of financial forecasts, annual budgets and medium term plans.

### RECOGNITION OF REVENUE FROM THE SALE OF PRODUCTS

The revenue from the sale of real estate (housing units, commercial space, etc.) is recognised at the moment when control over the real estate is transferred to the buyer of said real estate together with the transfer of significant risks and rewards typical to the ownership rights. According to the Company’s judgement this occurs at the moment of handover of the real estate to the buyer, which is based on a handover document signed by both parties and subject to the condition that the buyer has made 100% payment of the sale price for the real estate.

### SEASONALITY

The operating activity of the Group is not subject to any major seasonality.

The Group recognises the nominal value of the bond liabilities under *Bonds*, and the interest charged as at the balance sheet date are presented separately under *Accrued interest on loans and bonds*.

Due to the fact that the interest on the bonds is correlated to the WIBOR interest rate, the Company's Management Board estimates that the fair value of the bonds issued by the Group approximately equals their book value, including accrued interest.

### CORE DETAILS CONCERNING THE BONDS ISSUED

- Agreement with PeKaO S.A.  
Under this agreement, Dom Development S.A. is allowed to issue mid-term bonds (with a maturity over 1 year and under 7 years) with an aggregate value of no more than PLN 400 million, which is to be construed as the nominal value of all issued and unredeemed bonds on any day during the term of the Programme. In accordance with the agreement, bonds may be issued by the Company as various series by 5 November 2021.
- Agreement with Trigon Dom Maklerski S.A. and Trigon Investment Banking Spółka z ograniczoną odpowiedzialnością & Wspólnicy S.K.  
Pursuant to the agreement, Dom Development S.A. may issue bonds with a total value of up to PLN 400 million, understood as the nominal value of all outstanding bonds. The limit of the Programme is renewable. In accordance with the agreement, bonds may be issued by the Company as various series by 17 November 2027.
- Bonds issued by Sento S.A.  
The bonds were issued Sento S.A. under agreements concluded by that company with respective private investors, without a third-party acting as an agent.

### DESCRIPTION OF MATERIAL CHANGES IN THE THREE-MONTH PERIOD ENDED 30 SEPTEMBER 2021

In the three-month period ended 30 September 2021, the total bond issue liabilities changed only as regards bonds issued by Sento S.A. before the date that the Company acquired 77% shares in Sento S.A., i.e. before 1 July 2021.

Save for the above, the total bond issue liabilities and their maturity dates have not changed in the three-month period ended 30 September 2021.

## 7.13 LEASE LIABILITIES

The following material assets that meet the criteria of IFRS 16 Leases have been recognised in the Group's balance sheet. These are:

- right-of-use of office space (on the basis of lease agreements),
- rights of perpetual usufruct of land.

The Group as lessee recognises lease liabilities as measured at the present value of unavoidable future lease payments, discounted at the marginal interest rates of the Group, and recognises assets arising from the right-of-use at an amount equal to the lease liabilities.

All liabilities arising from perpetual usufruct of land are reported as short-term liabilities as they are to be reconciled through the transfer of title (along with the ownership title to a unit located on that land) to the unit buyer in the period of the "operating cycle". At the date of ownership transfer to the buyer, land-related lease liabilities are reversed from the accounting records.

LEASE LIABILITIES	30.09.2021 (unaudited)	31.12.2020
<b>Lease liabilities, short-term portion, including:</b>	<b>71 756</b>	<b>89 992</b>
liabilities on account of perpetual usufruct right of land	65 520	83 950
liabilities on account of the right of use of office space	6 135	5 874
Other	101	168
<b>Lease liabilities, long-term portion, including:</b>	<b>21 774</b>	<b>24 642</b>
liabilities on account of the right of use of office space	21 768	24 573
Other	6	69
<b>Total</b>	<b>93 530</b>	<b>114 634</b>

In the case of perpetual usufruct right, fees resulting from the period, for which such right to the specific property has been granted (up to 99 years), are discounted. This period does not depend on the period of time during which the Group expects to remain the holder of such perpetual usufruct right, that is on the planned use of these properties for development projects.

As estimated by the Management Board based on property development projects planned on specific land to which the Group held the perpetual usufruct right as at 30 September 2021, out of PLN 65 520 thousand of the land-related lease liabilities recognised as short-term:

- PLN 3 827 thousand is payable by the Group within 12 months following the balance sheet date,
- PLN 6 817 thousand is payable by the Group later than 12 months following the balance sheet date,
- PLN 54 876 thousand is to be transferred to the respective buyers of units.

## 7.14 DEFERRED INCOME

Payments from customers on account of the purchase of apartments and parking spaces are recorded as deferred income until the time that they are delivered to the buyer and are recognised in the income statement as “sales revenue”. This balance sheet item is closely dependent over time on the relationship between the sales rate (which as it increases, increases this item) and the deliveries rate (which as it decreases, decreases this item).

## 7.15 SEGMENT REPORTING

The operations of the Group are generally in a single segment and involve mainly the development and sale of residential and retail (commercial) units and related support activities. The Company operates only in the Warsaw market, while Dom Development S.A. Capital Group with the Company as the parent, also operates on the Tricity and Wrocław markets, and in the Kraków market since 1 July 2021. The operations on the Wrocław, Tricity and Kraków markets are carried out through the Group’s subsidiaries.

The results of activities in the individual markets are assessed mainly on the basis of sale revenues and profit, and gross margin on sales generated by the individual markets.

In view of the above, segmentation for reporting purposes was made within the Group on the basis of the geographical location:

- the Warsaw segment
- the Tricity segment
- the Wrocław segment
- the Kraków segment

Financial data grouped together on the basis of the geographical location of the Group’s real property development projects have been presented below.

\*) For the Tricity and the Kraków markets, the gross profit on sales results from the financial data of the Euro Styl S.A. Group and Sento Group and does not include the cost of the Euro Styl S.A. Capital Group and Sento Group acquisition that was additionally allocated in the consolidation as resulting from the measurement of inventory as at the purchase date at fair value (see also the comments below).

\*\*\*) The additional cost resulting from the allocation of the Euro Styl Group and Sento Group acquisition prices. This cost is the difference between the carrying value of the Euro Styl S.A. Capital Group's and Sento Group's inventory and the fair value assessed as at the date when these groups were acquired by the Company. This cost in the consolidated financial statements is adequately recognised as production cost of products sold that was accounted for in the income statement in the specific financial period.

## 7.22 MATERIAL COURT CASES AS AT 30 SEPTEMBER 2021

As at 30 September 2021 the companies operating within the Group were not a party to any material court cases.

## 7.23 FACTORS AND EVENTS WITH MATERIAL IMPACT ON THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS OF THE GROUP

In Q3 2021, Dom Development S.A. Capital Group started to operate in the Kraków market which strengthened the Group's leadership on the Polish residential market. On 1 July 2021 Dom Development S.A. acquired a controlling stake of 77% of the shares in Sento S.A., a developer with many years of experience in the development of upper-standard residential buildings in Kraków. In the next years the Management Board of the Company intends to develop its business on this market by combining the extensive organisational and financial background of Dom Development S.A. Capital Group with the local experience of Sento S.A.

The Management Board is of the opinion that in Q3 2021 the market situation was favourable in all agglomerations where the Group operates. The demand for housing was high in all market segments and was mainly driven by the persistently low interest rates and rising inflation. These two factors encouraged investing savings in real estate, which was still a more attractive investment compared to bank deposits with their negative real interest rates. At the same time, the low cost of funding and high availability of mortgages translated into high demand for apartments, also amongst customers, who had to support their purchase with a mortgage. However, the extended waiting time for credit decisions due to large number of mortgage applications at banks, combined with the propensity to invest savings in real estate, contributed to increased share of cash purchases, which went up to 45% of all transactions effected by the Group in Q3 2021.

The market supply of flats in Q3 2021 was under strong pressure due to the scarcity of land suitable for starting property development projects quickly to generate satisfactory margins. Extended time of waiting for administrative permits and decisions was a major challenge, especially in Warsaw. Taking into account the market background, the Management Board is of the opinion that the Group developed its real estate projects effectively in Q3 2021, and built the potential of future results through the acquisition of new land. Over the three months ended 30 September 2021, the Group started six projects with 1 147 units. Detailed information on the projects in progress and completed by Dom Development S.A. Capital Group in the nine-month period ended 30 September 2021 has been presented below.

### SIGNING OF THE LETTER OF INTENT REGARDING THE EXCLUSIVE RIGHT OF SENTO S.A. TO CONDUCT NEGOTIATIONS TO BUY SELECTED BUMA GROUP COMPANIES

On 7 September 2021 a letter of intent was signed under which Sento S.A., with its registered seat in Kraków and now a subsidiary of the Company, was granted the exclusive right until 14 January 2022 to conduct negotiations as regards the acquisition by Sento S.A. of selected BUMA Group companies which run housing development projects and provide support for existing projects on the Kraków market (the "Transaction"). The final terms of the Transaction are to be worked out by the parties to the Transaction in the course of the negotiations. The Management Board has classified the information about the exclusive right being granted to Sento S.A. as confidential information due to the potential Transaction's purpose and its material value to the Company, namely the potential for such acquisition to drive significant growth in the operational capacity of Dom Development S.A. Capital Group on the Kraków market.
