

Representation of the Management Board of Dom Development S.A.  
regarding the stand-alone financial statements for the year ending 31 December 2006  
made in compliance with the International Financial Reporting Standards.

The Company's Management Board confirms that the financial statements of Dom Development S.A.(the „Company”) for the year ending on 31 December 2006 and the comparable data have been made in compliance with the generally observed accounting standards (IFRS) and that they present the actual, accurate and clear view of the Company's assets and finances as well as its financial results, while the annual report on Company operations presents a true picture of the development and achievements, and the Company status, including all the threats and risks.

The Company's Management Board confirms that the entity authorised to audit the stand-alone financial statements was selected in compliance with law, that both that entity and the auditors who actually performed the audit satisfy all the legal requirements for the issuance of an impartial and independent auditor's opinion in compliance with the proper regulations of local law.
